PROFILE

Experienced React Frontend Developer with 5 years of experience in React.js, TypeScript, Tailwind CSS, Next.js, and Redux, specializing in web app development since 2019. Proficient in Jest and Cypress for thorough testing. Hands-on experience with Vercel and Hostinger for deploying scalable applications. Native-level English fluency, remote collaboration, and results-driven approach in a dynamic tech environment.

WORK EXPERIENCE

React / Next.js Developer

Almedia / Freecash   December 2024 - Present

- Independently developed over 5 high-converting landing pages, taking full ownership of frontend development processes.
- Made 100+ reusable React components, ensuring scalability and maintainability of the codebase.
- Collaborated daily with backend developers to integrate APIs seamlessly, improving feature delivery timelines. (Worked with STRAPI CMS)
- Led UI/UX improvements that increased customer engagement by 40% and resulted in a 20% rise in overall platform satisfaction scores.

React Frontend Developer

TokenFlow   May 2023 - December 2024

- Ensured code quality and reliability through rigorous code reviews, unit tests, and integration tests.
- Developed and optimized 31 reusable UI components, collaborated with cross-functional teams to deliver custom smart contract solutions, driving a 62% boost in user engagement and satisfaction.
- Spearheaded UX improvements that streamlined user flows, reduced load times by 30%, and enhanced overall product usability.

Frontend Engineer

Avix Finance   April 2022 - May 2023

- Developed and maintained over 35 reusable UI components, improving code consistency and reducing development time for new features.
- Optimized these components to enhance responsiveness, leading to a 40% decrease in load times and a 25% increase in mobile engagement.
- Partnered with teams to ensure site reliability and scalability, effectively supporting blockchain-based VIX tracking for over 100,000 active users.

Frontend Developer

ScaleRoad   September 2020 - April 2022

- Integrated subscription and usage-based payment systems, increasing platform revenue by 40% and reducing churn by 20%.
- Designed and implemented 25+ intuitive UI components, leading to a 35% improvement in user satisfaction.
- Focused on optimizing UX for seamless navigation, resulting in a 50% faster transaction process

----

Freelance Web Developer

Freelance   May 2019 - September 2020

- Partnered with clients to deliver 25+ high-quality web applications using React, Next.js, and TypeScript, resulting in a 30% improvement in site performance.
- Transformed client concepts into responsive, visually engaging sites, increasing user retention by 25% and reducing bounce rates by 20%.
- Successfully delivered projects on time and within budget, contributing to a 40% growth in client satisfaction and repeat business.
